TRANSIT INSURANCE PROPOSAL FORM

Eliminating risk and ensuring peace of mind are the criteria we adhere to at TUCAN REMOVALS. When you trust your precious possessions, you know that wherever in the world you are moving to, they are in the best of care.

However, sometimes the unexpected can happen. That's where Transit Insurance comes in. Supported by a major insurance group, your possessions can be comprehensively insured against accidental loss or damage during an removal.

How to insure your move

The first thing you need to do is arrive at the full replacement value of your possessions at destination. Included in this document you will find a detailed inventory on which to list and calculate the value as illustrated below.

A - LOUNGE / LIVING ROOM			
	Description	Qty.	Value
	Sofa	1	850 €
	Cabinet	1	1200 €
	Side table	4	450 €

D - .DINING ROOM			
	Description	Qty.	Value
	Table	1	1000 €
	Chair	6	1500 €

Get the full value out of the plan

Don't deliberately undervalue your possessions. You need to be aware that if you underinsure your consignment the underwriters will apply "average" to any claims. In simple terms, this means that if you insure your total consignment for half of its true replacement value, the insurer could reduce each and every part of a claim by 50% - irrespective of declared value.

Owner packed Goods

If you wrap and pack your effects this insurance will not cover breakage, scratching, denting, chipping, staining or tearing or missing items.

"What happens in the event of a claim ?"

All claims will be settled promptly and efficiently based on your declared values, and following any necessary inspection survey.

"What happens if I don't insure my move ?"

We can not stress how important it is to take out Transit Insurance. If you don't and something is lost or damaged our liability is limited to the extent outlined in our Conditions of Contract.

Mechanical and Electrical Derangement

Insurers will not pay for mechanical or electrical derangement.
